

# BEVZERO

NOLO SERVICES

## From Concept to Bottle

- Low- and No-Alcohol Beverage Services.
- White and Private Label Options.
- Global Expertise.
- Turnkey Solutions.

From early-stage concept to finished product, BevZero delivers fully integrated solutions for premium low- and no-alcohol beverages.

## Concept & Development

### Create with Confidence

- Sensory profile development
- Base wine selection
- Regulatory guidance (US & EU)
- Market-aligned formulation
- In-person development session

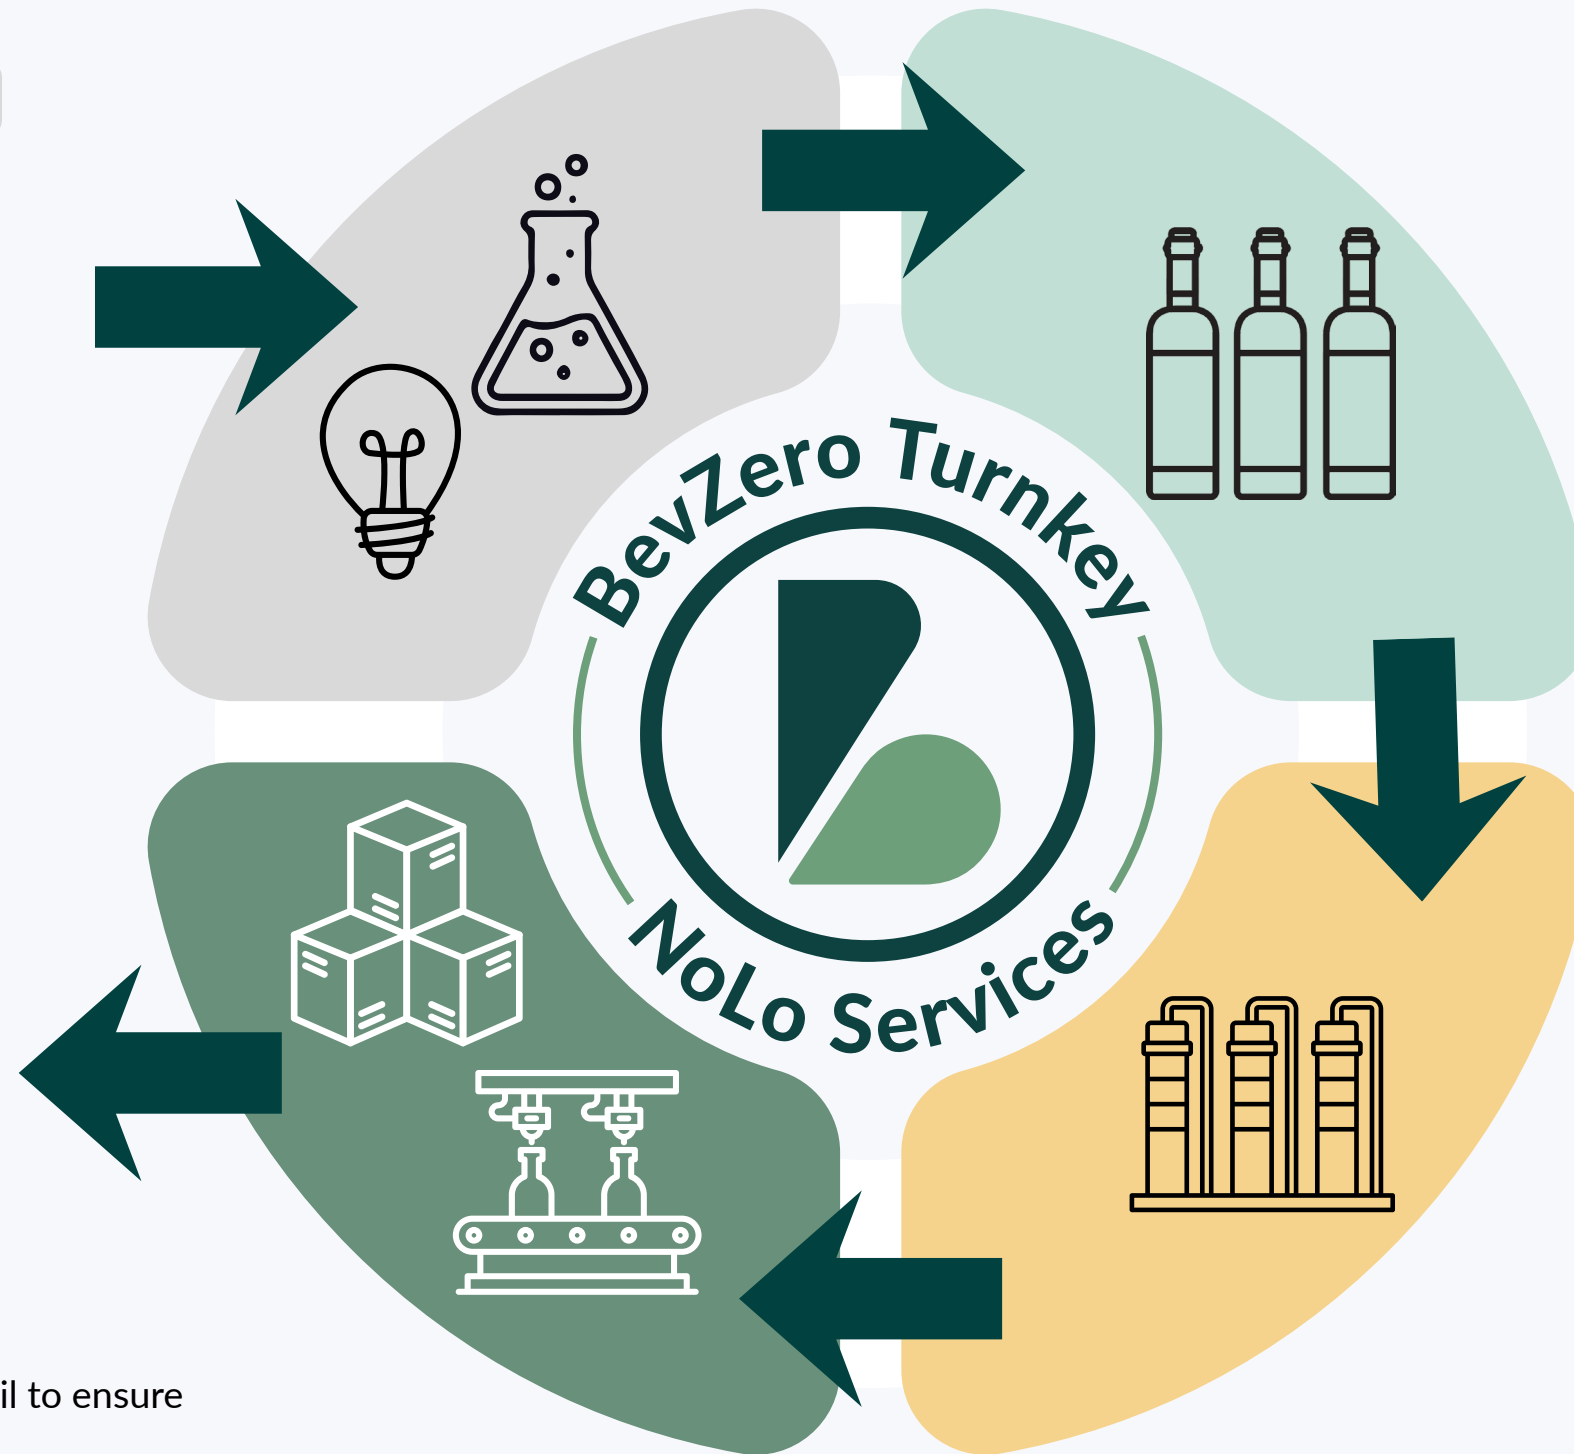

We create products designed to succeed in the real world – not just in the lab.

## Production & Packaging

### Execution Without Complexity

- Packaging selection and sourcing
- Supply chain management
- Bottling coordination
- Quality control oversight
- Production scheduling
- Project Management

We coordinate every operational detail to ensure consistent, scalable delivery.

## White Label/Private Label

### Flexible Paths to Market

#### White Label

- High-quality red, white and rosé options
- Faster time to market
- Lower upfront development cost

#### Private Label

- Custom blend development
- Tailored production planning
- Brand-aligned finishing
- IP ownership

Whether you need speed or customization, we provide solutions that fit your strategy.

## Dealcoholization

### Precision. Quality. Control.

- Remove alcohol down to <math><0.5\% - 0.02\%</math> ABV
- Preserve delicate aroma compounds
- Maintain balance and structure
- Scale from pilot to production

Premium results. Consistent performance.

Beverage product services may vary per location. Please contact specific location to learn more.

# Why Leading Beverage Brands Trust BevZero

For over three decades, BevZero has helped wineries and beverage brands navigate the complexities of alcohol removal and low- and no-alcohol production with technical precision and market insight.

## Industry Leadership

- 30+ years of experience in beverage innovation and dealcoholization
- Global Team of Experts in the USA, Europe, and South Africa
- A proven turnkey model that saves time and reduces risk
- Regulatory knowledge (TTB & EU compliance)
- Global operations in the USA, Europe, and South Africa
- Quality certified and a commitment to sustainability

## Built to Scale With You

Whether you need full-service production or are preparing to invest in your own equipment, BevZero provides long-term partnership and technical support at every stage.

## Let's Build Your Non-Alcoholic Portfolio.
